

Hudson Valley PATTERN FOR PROGRESS

Promoting regional, balanced and sustainable solutions that enhance the growth and vitality of the Hudson Valley

LET US HEAR YOUR VOICE

Hudson Valley Pattern for Progress is starting a project to research and develop food distribution infrastructure, such as food hubs, to help farmers bring their products to market. Input from farmers, food businesses, and others along the value chain will be critical.

We would like to hear from you about current efforts to distribute Hudson Valley foods. What are the challenges in food distribution, infrastructure resources and needs in the region, and opportunities for collaboration or other improvements?

To register for any of these sessions please email
HVFoodHubs@pfprogress.org. or call (845) 565-4900

Visit <http://pattern-for-progress.org/hv-food-hubs> for more information
